

GOVT. OF ASSAM
OFFICE OF THE DIRECTOR OF HIGHER EDUCATION, ASSAM
KAHILIPARA: GUWAHATI-19

No. : E- 782295/7

From: Smti. Gayatri Naiding, AES
Joint Director of Higher Education, Assam
Kahilipara, Guwahati-19.

To

1. The Registrars,
All State Universities of Assam
2. The Principals,
All Govt./ Provincialized/ Autonomous/ PDUAM and Govt. Model Colleges of
Assam

Sub: Regarding an online workshop on "Remote Sensing and GIS for Disaster Management".

Ref: Govt. Letter No. E-747805 dated 09-07-2026

Sir/ Madam,

With reference to the subject cited above, I am directed to forward herewith a letter received from the Govt. along with its enclosures regarding an online workshop on "Remote Sensing and GIS for Disaster Management", which is self-explanatory.

In this regard, you are kindly requested to encourage official/ students to register and participate in the above-mentioned online workshop.

This is for your kind information and necessary action.

Registration Link : <https://isl.ac.in/workshop!>

Enclo : As Stated.

Yours faithfully,

Joint Director of Higher Education, Assam,
Kahilipara, Guwahati-19

To

The Hon'ble Chief Minister,

Government of Assam

Dispur, Assam.

Subject: Request for Wide Circulation and Publicity of the Online Workshop on "Remote Sensing and GIS for Disaster Management" among Educational Institutions, Government Departments, Disaster Management Authorities, and Allied Organizations across Assam State on the Occasion of National Remote Sensing Day, 12 August 2026.

Respected Sir/Madam,

National Remote Sensing Day is observed every year on 12 August to commemorate the birth anniversary of Dr. Vikram Sarabhai, the Father of the Indian Space Programme. The occasion serves to recognize his visionary contributions towards the development and application of space technology for national development, natural resource management, environmental monitoring, and disaster mitigation.

To mark this important occasion, India Space Lab is organizing an **Online Workshop on "Remote Sensing and GIS for Disaster Management"** with the objective of creating awareness and enhancing knowledge regarding geospatial technologies and their applications in disaster preparedness, monitoring, assessment, response, and sustainable development.

The workshop has been specially designed for students, teachers, researchers, government officials, disaster management professionals, and other stakeholders. The sessions will cover Remote Sensing, Geographic Information Systems (GIS), Earth Observation Technologies, GeoAI, Drone Mapping, Machine Learning Applications, and real-world disaster management case studies.

Workshop Details:

- Date: 12 August 2026
- Mode: Online
- Registration Fee: ₹270/- (Non-Refundable)
- Registration Start Date: 10 June 2026

- Last Date of Registration: 30 July 2026
- Registration Link: <https://isl.ac.in/workshop/>
- Certificate: E-Certificate will be awarded to all participants upon successful completion of the workshop.

In this regard, we respectfully request your esteemed office to kindly circulate and publicize the workshop information through appropriate official channels among:

1. All Schools, Colleges, Universities, Technical and Professional Institutions across Assam State rate of Education and affiliated educational bodies.
2. State Disaster Management Authority (DDMA) and Disaster Management Departments.
3. Government Departments, Autonomous Bodies, Research Institutions, and Training Centres.
4. Faculty Members, Students, Researchers, Government Officials, and other concerned stakeholders.

We further request that the workshop announcement may kindly be uploaded on official websites, portals, notice boards, newsletters, and other communication platforms to ensure wider outreach and maximum participation.

Your support in disseminating this information will significantly contribute towards promoting scientific awareness, geospatial education, disaster resilience, and technological capacity building among students, educators, and professionals across Assam State.

We shall be highly grateful for your kind cooperation and support in this important educational initiative.

ONE DAY ONLINE WORKSHOP ON

REMOTE SENSING
AND GIS FOR
DISASTER MANAGEMENT

Understanding Disasters Through Space Technology

Learn how satellites, GIS, Earth Observation systems and emerging geospatial technologies are transforming disaster management worldwide. Explore real-world applications, tools and techniques used for disaster monitoring, assessment, response and recovery.

WORKSHOP OBJECTIVE

To provide a comprehensive understanding of how Remote Sensing, GIS and geospatial technologies are used in disaster preparedness, monitoring, response and recovery. Learn how satellite data supports real-time decision-making, damage assessment and risk mitigation while exploring emerging technologies such as GeoAI and drone mapping.
